KinderTime Mobile Arts is coming to your school to teach developmentally appropriate enrichment classes to your child. See your children's independence, confidence and social skills grow! The goal of this classes is to stimulate a child's creativity by using their imagination as well as their inspiration by introducing many instruments from many corners of the globe such as but not limited to India, Asia, Cambodia, Africa, Australia, as well as English & American instruments. Children learn how they are played, and get hands-on experience for themselves. Kid's sing, and take part in interactive songs, including all the classic kid songs they know and love, using a guitar, banjo, mandolin, and ukulele. Using a variety of presentations such as puppets for inspired fun and silliness the children remain engaged-keeping their attention, resulting in fun for all!
